

ALLEGED CROOK DELIVERED FROM MONROE'S JAIL

Harry Parnell, Alias B. N. Daniels, Removed Section Of Quarter-Inch Steel-Plate With Drills And Hammer During The Night.

WANTED FOR BRODHEAD FUR THEFT

Was Felled By Shotgun In Hands Of Officer Thomas Cavanagh On Morning Of December 17--- Booty Was Worth \$1,400.

[SPECIAL TO THE GAZETTE.]
Monroe, Wis., March 12.—Harry Parnell, alias B. N. Daniels, suspected of stealing \$1,400 worth of furs, after, and heavier police from the Ward & Knobel fur and glancing warehouse at Brodhead on the night of December 11 and felled with a shotgun while trying to escape from Officer Thomas A. Cavanagh at a farm a few miles distant during the early morning of December 17, was delivered from the Green county all sometime near midnight. Five tramps, who were serving sentences in the jail, also gained their liberty.

After Days of Drilling
Preparations and plans were so carefully and ingeniously worked out that Sheriff Nicholas S. Thurst had no inkling of what was transpiring until several hours after "the birds had flown." Parnell was not locked in a cell at night and was left alone during the day when the other prisoners, mostly tramps, were laboring on the streets. For weeks he worked easily and noiselessly with the drills, using beeswax to deaden every sound of the boring and sawing.

Point of Attack Well Concealed
The prisoner's road to liberty lay through the quarter-inch steel-plate which lines the interior of the jail and the outer brick wall. His point of attack was the particular section of the plate located under the water-faucet and above the bathtub in the general corridor. There a box-cover had been hung by wires from the water-pipe to protect the wall from splashing and this device served in a most effective manner to conceal the operations of the patient and industrious prisoner.

150 Small Drill-Holes
He was well supplied with suitable tools, as testified by the numerous momentous in the shape of drills, saws, a steel bar, and a hammer, which he left behind him. In order to remove a piece of plate 10 1/2 inches

MANY SICKENED BY A SUPPER SERVED

Five Hundred Persons in Upper Sandusky Enjoyed Chicken and Waffles—None Will Die.
[BY ASSOCIATED PRESS.]
Upper Sandusky, O., March 12.—Five hundred people were poisoned here last night at a social given by the ladies of the English Lutheran church by eating chicken and waffles. Today some of the stores could not run because all the clerks were unable to appear. It is believed none will die.

DENOUNCE PRESIDENT IN A BITTER SPEECH

New York Congressman Bitterly Assails the President on Floor of the House.
[BY ASSOCIATED PRESS.]
Washington, D. C., March 12.—Denunciation was heaped upon President Roosevelt in the house today by William D. Cullen, a New York congressman. He charged Roosevelt with "doing more than all the other presidents and all the other public men in the history of the country to shake the confidence of the people in our form of government, destroy legitimate business, shatter confidence among the people, and bring utter panic into every counting-room, factory, shop, office and home in the land."

POWER BOAT RACES BEGIN NEXT WEEK

Palm Beach Power Boat Association Holds Fourth Annual Race Meeting Next Week.
[SPECIAL TO THE GAZETTE.]
Palm Beach, Fla., March 12.—Power craft of many descriptions are putting in an appearance here in readiness for the fourth annual motor boat races and carnival to be given next week under the auspices of the Palm Beach Power Boat association. The present indications the event will eclipse all of its predecessors. The fact that among the entries for the speed contests are the European champion, "Dixie," owned by former Commodore Schroeder of the "Motor Club of America," the "Don," owned by J. H. Hendley, the present commodore of the Motor Club of America, and the "Irene," of Philadelphia, is sufficient guarantee that the speed contests will have the greatest boats of the age in contention.

TEACHERS' MEET IN THE CAPITAL CITY

Two Days' Session of Southern Wisconsin Teachers' Association Opens Today.
[SPECIAL TO THE GAZETTE.]
Madison, Wis., March 12.—The University of Wisconsin is entertaining for two days the annual convention of the Southern Wisconsin Teachers' association. The meeting began today with a large and representative attendance. Addresses by a number of educators of note form a prominent feature of the program.

CAID SIR HENRY MACLEAN.

SECOND DAY OF THE BRODHEAD INSTITUTE

Green County Farmers' Institute at Brodhead Continues Its Session.
Brodhead, March 12.—A better crowd turned out yesterday afternoon to attend the Farmers' Institute than in the forenoon. This session opened with a talk by Supt. George McKersrow, which was handled in his usual masterly and intelligent manner, the subject being "Clovers and Alfalfa." This is a topic which every farmer is vitally interested in and more of them should have been there to obtain the knowledge which most of them need. While the subject is not by any means a new one there is a vast amount of good which may come from the proper use of these crops and information regarding them is invaluable to the farmer.

ORATORICAL CONTEST COMES OFF TONIGHT

State Oratorical Contest Will be Held at Ripon This Evening.
[SPECIAL TO THE GAZETTE.]
Ripon, Wis., March 12.—The arrival here of a number of student delegations gives evidence of the interest taken in the state oratorical contest which takes place tonight under the auspices of Ripon College, Beloit, Lawrence, and other leading colleges and universities of Wisconsin are to be represented in the contest.

MANUFACTURERS TO GATHER IN BOSTON

National Association of Cotton Manufacturers to Hold 84th Convention.
Boston, Mass., March 12.—Elaborate preparations are being made for the annual meeting of the National Association of Cotton Manufacturers, which is to be held next month at the Massachusetts Institute of Technology. It will be the eighty-fourth annual meeting of the association, the membership of which embraces the prominent manufacturers of the South as well as those of the New England territory.

REFUSES REQUEST OF THE BANKER FOR BANKRUPTCY

[BY ASSOCIATED PRESS.]
New York, March 12.—A petition asking that Charles W. Morse, former banker and steamship promoter, be declared a bankrupt was filed in the federal court today. Judge Holt refused to appoint a receiver for Morse until the issue as to whether the petitioners in the bankruptcy matter are creditors of Morse is settled.

JOHN R. WALSH SENTENCED TO FIVE YEARS IN PRISON

Is Later Released Pending Motion For Arrest Of Judgment--Bail Fixed At \$50,000.

[BY ASSOCIATED PRESS.]
Chicago, March 12.—Federal Judge Anderson today denied the motion for

they at Fort Leavenworth. As soon as the court announced the decision refusing to grant the new trial the attorneys for the defense entered a motion in arrest of judgment which they argued for some time.

Judge Anderson promptly overruled the motion.

Later Judge Grosscup granted Walsh a supersedeas and the latter was released under bonds of fifty thousand dollars pending a hearing of his appeal.

REAL MARY FIGURED IN SUICIDE CASE?

Efforts to Locate Friends of Man Who Shot Himself on the Limited Are Thus Far Unavailing.
Was the "So long, Mary," message left by "Dan Hogan," once of Pittsburg, the man who took his life on the Northwestern limited last Saturday evening, something more than a flippant good-bye to the world? Deputy Sheriff Fred Gillman who took charge of the body after it was removed from the train at Evansville believes that somewhere there is a real Mary who could explain the mystery. Between the outer and under shirts and suspended from the neck by a green ribbon was found a large cardboard rose. Something written on the lithographed side of the token had been partially effaced with a pen-knife but there remained upper points and lower loops of the letters which might indicate a Christian name beginning with "M" and ending in "y." On the reverse side, in a fine, feminine hand, was this quotation from one of the classics: "And even his fallings lean toward 'virtue's side'."

SECOND DAY PROVES VERY INTERESTING

Evansville Farmers' Institute Develops Into Considerable of a Meeting This Afternoon.

[SPECIAL TO THE GAZETTE.]
Evansville, Wis., March 12.—In correction of an erroneous statement which came into the account of yesterday's institute proceedings, it should be noticed that W. C. McKersrow in his talk on the treatment of tuberculosis said that the work along this line at the farmers' institutes would save the state \$10,000 this year—not that the disease had cost the state \$10,000 this year.

Several theories regarding the man have been abandoned. Through some articles of wearing apparel found in the villa case which was left on the train the same night and returned to Evansville on the supposition that it belonged to the suicide, it was established beyond a doubt that the same was not his property. The supposition that he might have been a traveling musician or vaudeville performer was thereby relegated to the realm of pure speculation. A stranger who visited Evansville on Wednesday with the expectation of identifying the dead man as a violinist brother who had been missing for some time, was

Mr. H. H. Elwell of Madison in speaking on the subject of "Good Roads" said that two things were essential: First, earnest desire to have good roads with public sentiment on the side of the man who is building the road, and also assistance from the outside. Wisconsin stands the lowest among the states today in the matter of state aid for good roads.

The next speaker was H. L. Elwell, county highway commissioner. He gave a synopsis of a plan for program work in the county this coming year. He favored the maintenance of the present roads rather than spending too much money in starting to build permanent roads. The next speaker was Geo. McKersrow, president of the agricultural association, on the subject of feeds.

HANGED TODAY FOR MURDER OF FRIEND

Leo C. Thurman Pays Penalty For the Killing of Walter P. Dolsen.

[SPECIAL TO THE GAZETTE.]
Norfolk, Va., March 12.—The execution of Leo C. Thurman for the murder of his roommate, Walter P. Dolsen, two years ago takes place today. The crime was one of the most brutal and cold-blooded in the annals of Norfolk. Both the murderer and his victim were former members of the United States marine corps and had recently been discharged from the service. Thurman murdered his sleeping roommate in their boarding house and robbed him of \$350. The murderer chopped his victim to pieces and packed the body in a trunk, which he tugged to the dock man's address at Edenton, N. C. Thurman escaped and was tracked from ocean to ocean, finally being captured in Vancouver, B. C. and brought back to stand trial. His defense was insanity. The jury, after being out two hours, rendered a verdict of first degree murder. An appeal was taken and the supreme court upheld the verdict of the lower court. Thurman was a native of Kentucky and in his defense he received financial and other assistance from his relatives in that state.

Were Transferred from One Vessel to Another for Fear There Might Be Danger.
[BY ASSOCIATED PRESS.]
New York, March 12.—Feeling that a fire had been discovered on the steamer Providence while coming up through Long Island sound early today night endanger the lives of 350 passengers, caused the captain of the steamer to summon the steamer Itchen and Peck by wireless. Within a few minutes the passengers were transferred to the latter vessel. The fire on the Providence was extinguished before much damage was done.

CABLE CHESS MATCH COMMENCED TODAY

American And Great Britain to Try For The Sir George Newnes Trophy.
[SPECIAL TO THE GAZETTE.]
New York, March 12.—The annual cable chess match between the United States and Great Britain, which began today in the opening of the International match by cable, America vs. Great Britain, for the Sir George Newnes trophy. The American end of the match is conducted by the Brooklyn Chess Club, while nearly 3,500 miles distant the British end of the contest is in charge of the City of London Chess Club. The match is continued on eight boards and the quarters of the two chess organizations are connected by cable and telegraph. If the match is unfinished tonight, the play will be resumed tomorrow morning and continued until completed.

DEPARTMENT CLERK KILLED HIS WIFE

Shot and Killed His Wife, Mistaking Her for a Burglar Early This Morning.
[BY ASSOCIATED PRESS.]
Washington, D. C., March 12.—Hugh Holts, a treasury department clerk, shot and killed his wife today. Early this morning his wife arose to attend a child and as she returned to the bedside Holts awakened, pulled a revolver from beneath his pillow and fired, instantly killing the woman. Holts has always borne an excellent reputation, and declares he was dreaming of burglars.

KENTUCKY BISHOP HAS A BIRTHDAY

Ht. Rev. C. P. Maes Celebrates His Sixty-second Birthday Today.
[SPECIAL TO THE GAZETTE.]
Covington, Ky., March 12.—Many messages of congratulation were received at the bishop's residence today on the occasion of the sixty-second birthday of the Rt. Rev. Camillus P. Maes, bishop of the Roman Catholic diocese of Covington. Bishop Maes is the permanent president of the Eucharistic Congress and one of the best known Catholic prelates of America. The Pacific Coast extension has been completed as far as Miles City, Mon., a distance of 530 miles from Moberly, S. D., which was the former terminus of the road. Beginning on March 15th through trains will be run from St. Paul to Miles City, Mon.

Have You Noticed?

"Have you noticed," said the reader of fiction, "that it is the fashion now to say 'sun up' instead of sunrise?" The clappers are overtaken, the house catches fire, the trains collide, all sorts of things happen at 'sun up.' These things used to take place at 'sunrise.' The style in words has changed, that's all."

FRANK RAHLES GOT A \$4,500 VERDICT

Jury Trying His Damage Against J. Thompson & Son Found in His Favor Late Last Night.

After seven hours of deliberation, the jury trying the \$10,000 damage action brought in circuit court against the J. Thompson & Son Mfg. Co. of Beloit by Frank Rahles, who lost his left hand in a drop-hammer accident, brought in a verdict for the plaintiff in the sum of \$4,500. The case will probably be appealed to the supreme court. The case has been a bitterly contested one lasting four days to try. Robert McMillan and C. A. Vilas of Milwaukee were attorneys for the defense and District attorney John L. Fisher and O. A. Oestreich prosecuted the case securing a far more substantial verdict than was offered in settlement some weeks ago.

"His Patients Stick"

Amongst the anxieties and cares of a large dental practice, it comes very pleasant to have a patient say, as one said yesterday:

"Dr. Richards, I have come all the way from Chicago to have you do my work."

"The work you did for me three years ago is so satisfactory that I came back for more."

"I could have had it done there, but I knew what kind of work you would do for me, and I feel safe to trust myself in your hands."

Dr. Richards has been established now seven years in Janesville, and his patients stick to him because his business policy is to do

"Good work" at the "Lowest Living Prices."

MRS. MASON MAKES A STATEMENT TODAY

Refutes Charges She Was Assaulted at Royal Neighbors' Convention in Milwaukee.

Mrs. Alice Mason and Mrs. Mary C. Adams returned from Milwaukee last evening, where they were in attendance at the Royal Neighbors' state convention which closed in that city yesterday afternoon. In speaking of the occurrences which have received so much publicity in connection with the convention and especially Mrs. Mason's part in the affair, she said: "The statement that I was roughly handled at the door of the convention hall is incorrect and grossly exaggerated. I demanded admittance to the hall as an authorized delegate prior to the vote for state officers, but was refused admittance by the inner sentry."

MRS. MASON
thel, Mrs. Anna Morse, and Mrs. Childs' campaign manager. After the vote for Mrs. Childs was given, the doors were opened but after admittance had been refused prior to this time I refused to have any further connection with the affair. I desire to have my friends here know the true situation. I went to Milwaukee as a delegate from the local camp with authority to enter the convention and my rights as such were entirely disregarded."

PLAN TO AMEND ANTI-TRUST LAW

IMPORTANT CONFERENCE HELD
AT THE WHITE HOUSE.

MORE MEETINGS LIKELY

Changes in Sherman Measure Will
Probably Be Along Lines Sug-
gested at Recent Chi-
cago Gathering.

Washington, Mar. 13.—An important conference was held at the White House respecting amendments to the Sherman anti-trust law. The changes in the law, it is expected, will be proposed along the lines suggested by the conference of the civic federation held in Chicago a few weeks ago. No concrete results were reached, and it is likely that further conferences will be held. The president, it is understood, is desirous that a bill embodying the conclusions of the conference if any be reached, be submitted to congress for passage at this session.

Prominent Men Attend.
Participating in the conference were the president, Secretary Root, Secretary Garfield, Attorney General Bonaparte, Herbert Knox Smith, commissioner of corporations; Seth Low, former mayor New York; Samuel Gompers, president of the American Federation of Labor; Victor Morawetz, general counsel for the Atchafalaya, Tonolow and Santa Fe railroad, and Francis Lynd Stetson, of the firm of J. P. Morgan & Co. of New York.

Mr. Smith presented in tentative shape some of the ideas offered at the civic federation conference in Chicago. The form in which the suggestions were made was in that of a bill, but it had not been reduced to definite shape. It is said that the proposed changes are of sweeping importance and interest, in as much as, if crystallized into law it would mean practically a rejuvenation of the Sherman anti-trust act. While no agreement was reached, the trend of the discussion indicated that a common ground of understanding shortly will be reached and that perhaps within a week a measure will be drafted which will be satisfactory to all parties.

Change Sought by Labor Men.
The particular interest of the labor officers is to secure an amendment to the Sherman law which will exempt them from the practical operation of the act as conspiracies in restraint of trade. A proposition of that kind now is pending in congress, but in the opinion of some of the participants in

the White House conference it would be unconstitutional if enacted in its present shape.

Amendments were proposed relating to the operation of railroads, one providing that pooling, under proper restrictions, ought to be permitted by law. It also was suggested that consolidations and traffic arrangements ought not to be permitted by connecting lines under such arrangements as would permit of abuse of that privilege.

Fireman Injured in Blaze.
Baltimore, Md., Mar. 13.—Fire in the establishment of the Baltimore Wall Paper company, caused three alarms to be sent in Friday morning. Lieut. McNeal of No. 1 Hook and Ladder company was carried unconscious from the building. Loss, \$35,000.

School Escapes Holocaust.
Scranton, Pa., Mar. 13.—Fire was discovered in school No. 1 at Peckville Thursday while 300 pupils were in the building. An informal bucket brigade was organized and teachers and janitors became fire fighters with promptness and efficiency.

Cleveland Fire Costs \$150,000.
Cleveland, O., Mar. 13.—Fire Thursday night gutted the five-story Block building, Lakeside avenue, in the wholesale district, causing a total loss to tenants and owners of \$150,000.

Can't Keep Him Down.
Honor! A brave man's spirit its vigor soon regains.

DOTS AND DASHES.

A Pittsburg judge has decided that a teacher may chastise an unruly pupil with a barrel stave.

The yachts of George Gould, William Leeds and three of the Vanderbilts were offered for sale in New York.

It is reported in London that the regalia stolen from Dublin castle has been found in a pawnshop and recovered.

Nat C. Goodwin writes that after his three weeks' engagement in Chicago he will quit the stage and go into the mining business in Nevada.

The cruiser Yankton, that went to indefatigable search of Fred Jeffs, an American seaman, said to be marooned there, returned to Acapulco. It failed to find Jeffs.

An investigation by the department of commerce and labor into the whole system of grain dealing on boards of trade is expected as the result of a resolution to that effect introduced in congress.

An unidentified man was found at Inghy, Nov., entangled in a barbed-wire fence. He was still alive, although naked, and with his head partly covered from his body. Mystery surrounds the affair.

GIRL ACCUSES HITCHCOCK.

Serious Charges Made Against Actor at New York Trial.

New York, Mar. 13.—Ellen Von Hagen, whose accusations resulted in the indictment of Raymond Hitchcock, the actor, repeated her story to a jury Thursday.

The girl who is now in the care of the Gorry society, told of nights spent at the Hitchcock home at Great Neck, Long Island, and of visits to a furnished room house in this city where the defendant had temporary lodgings. On each of these occasions she

was accompanied, she said, by either Flora Whiston or Elsie Voceks. At the time—more than a year ago—Flora was 16, the witness was 19, and Elsie was 12 years of age.

In his opening address, following the filing of the jury box, the prosecutor had charged that Hitchcock had been guilty of misconduct with all three of these children. When her testimony was interrupted by adjournment the Von Hagen girl had sworn confirmation of the state's allegation so far as she was concerned.

Nab Missing Physician.
Kansas City, Mo., Mar. 13.—Dr.

George W. Traker, who, it is said, disappeared about 15 years ago, after which his relatives made an unsuccessful attempt to collect \$100,000 insurance on his life, was arrested Thursday night on a serious charge preferred by Albert Hopper, 14 years old.

Crackmen Scared Away.
St. Louis, Mo., Mar. 13.—Safe blowers attempted to crack the safe in the Chateaufort Savings bank at Chateaufort, Mo., 35 miles northwest of here, but were scared away before they completed the job.

Removing Clinders from Eye.
A simple remedy for removing clinders from the eye is to dip a small and perfectly clean camel's hair brush in water and pass it over the ball of the eye. This operation requires little skill and generally removes all particles of dust instantly without danger of inflammation. Of course, this remedy is not suggested for the train, where no one could get the brush.

Smallest Human Bone.
The smallest bone in the human body is contained in the drum of the ear.

Salt to Preserve Butter.
Experiments made by German agriculturists show that butter keeps best when preserved with from 3 to 5 per cent. of salt. If the proportion of salt is higher than that the results are less satisfactory.

Fashion's Fancy.
Emerson says: "Fashion is good sense outwitting company; it hates corners and sharp points of character, hates quarrelsome, egotistical, solitary and gloomy people."

FORMER JANESVILLE BOY MUCH HONORED

Thomas J. McClernan, Who Once Lived Here Now at University is Candidate for Rhodes Scholarship.

Janesville is again indirectly honored in the selection of a candidate for the Rhodes scholarship contest by the naming of Thomas J. McClernan, formerly of Janesville, as the university's candidate for this coveted honor. His sister, Miss Marie McClernan graduated from the Janesville high school and later with much honor from the university.

Thomas J. McClernan, '07, Madison, a scholar in Latin and Greek in the University of Wisconsin, has been selected by a committee of the faculty as the university's candidate for the Rhodes scholarship. The other candidates are E. A. Houghton of Lawrence University; Wesley Ayer of Beloit; and William F. McGucken of Marquette University. The final decision upon the candidate to represent the state of Wisconsin as a Rhodes scholar at Oxford this year will be made at a meeting on March 20 at 2 p. m. in the office of the chairman of the committee on selection, President Van Hise of the state university. The other members of the committee are President Platts of Lawrence University, President Eaton of Beloit, President Hughes of Ripon College, and President Daland of Milton college.

RAG-BABY DRILL A NOTABLE SUCCESS

Novelty Entertainment and Musicals Were Thoroughly Enjoyed by a Large Audience.

Thursday evening the W. H. C. gave a splendid entertainment to a good sized audience at the Y. M. C. A. One of the chief features was a recitation by Mrs. Janet B. Day, given in her usual charming manner. The rag baby drill by twenty-two members of the W. H. C. dressed in nurse's costumes, given under the leadership of Mrs. Sarah Carmon was highly applauded. There was also a recitation by Miss Verellia Rowley, a duett by Mrs. and Mrs. Ben Carlo, a recitation The W. H. C. from a little girl's standpoint, by Trulla Haper. Solo by Miss Margaret Wray. Recitation by Little George Carlo. Piano Solo by Elsworth Parish.

LARGE NUMBER
AT INSTITUTE

EVANSVILLE ENJOYS TALKS BY PRACTICAL MEN.

COOKING SCHOOL A FEATURE

Some Two Hundred Ladies Attended the Cooking School Thursday Afternoon.

Evansville, March 12.—Thursday's session of the Farmers' Institute was most pleasing in results to all concerned. Not only was the institute itself excellent, but the cooking school conducted by Mrs. Helen Armstrong, of Chicago, assisted by Mrs. Edith L. Clift of the same city attracted some two hundred ladies. The following was the menu prepared and cooked: Soup-making, meat soups, cream soups, corn oysters, another potato soup, steamed chocolate pudding. The afternoon session of the institute one hundred and seventy-five farmers were in attendance and the following speakers gave talks which are briefly reviewed. Session opened at 1:30 with address by W. F. Stiles of Lake Mills on Silos and Silage. He said that the time had come when farmers must find a cheap and efficient food that would not only make a good roughage for stock, but by the use of that food they would be enabled to give their stock a summer food in the winter, and good substitute for pasture in a droughty period thereby enabling the dairy man to keep up his regular flow of milk, and the breeder his stock in good thriving condition even under adverse conditions. No better food can be found to answer this purpose of roughage.

The silo was accidentally discovered by the finding of a pile of sugar beet tops that had been thrown out to waste, but were found after laying a considerable length of time to be preserved and in good shape. The first silos were principally square and were a mistake, the square corners keeping the silage from settling as solids in round silos. Ninety per cent of all farmers using silos claim they are the only thing. A good silo to give satisfaction must be deep and not of great diameter, so as to feed not less than two inches in depth each day. Then there will not be any danger of silage spoiling. There are several kinds of silos that are good. A man must decide for himself what he wants, and build the one that will answer his purpose and the one he can build right with the material at his disposal.

But before he builds let him know what he wants; start right and build right, and he will have a silo that will keep silage if it is properly put up. He claimed that the best varieties were the best for silage. A general discussion followed this address.

Then W. A. McKerron gave an address on sheep. He said that the farmers of the middle west would grow more sheep in the future than in the past, because the doing away with the large sheep ranches of the west and the continued high prices of mutton would naturally tend to move the sheep industry from the west to the middle west.

The breeders of America import all of their best stock, but he believes the time will come when they will compete and carry off the honors from them from among their own buy.

He would advise all farmers to go into the raising of full-bloods, because not one in fifty men are adapted to that business, but grade up your flocks so as to be able to raise good mutton for the market.

First thing to do is to use care in the selection of a sire. He described the best points outlined in the making of a good sire.

In caring for your ewes give more exercise, and feed so as to put them in the best condition for the lambing season. For rough feed, alfalfa and clover is the best; some ensilage or corn fodder for sheep. Give a special grain feed before the lambing season.

A good way to save chilled lambs is to immerse in hot water for five minutes and then give some of mother's milk.

Have a lambcreeper where the lambs can get some grain and the mothers rest at it.

Don't shear sheep too early unless you have a good warm barn to keep them afterwards. After shearing dip lambs for ticks; and good coal tar dip is all right to use.

How ripe in grain fields ten days after sowing grain for full feed.

To keep roots for winter use make pits and cover with straw and a little dirt.

In the discussion it was brought out that turpentine with salt was a good

cure for intestinal worms.

The last address in the afternoon was by Mr. Elliot of Ontario. He said when the railroad came in the fifties the horse would be obsolete in value; also the same story was repeated with the advent of the bicycle, streetcar and automobile. Last year the state of Maine imported 500,000 horses. The milk industry, garden farming and the raising of fruits is driving out the raising of horses. The great cry of the country is the need of a draft horse that will meet the demands of the average farmer and teamster. At this day there is too much breeding to the scrub, the raising of scrubs, also trying to make good draft horses by breeding scrub mares to trotting stock. The draft horse is always in demand and commands a high price from fanning to 6 or 8 years of age. He thought the Clydesdales were nearly an ideal draft horse, best feet and limbs. The Percheron is the best all-around light draft horse. He advised getting a full-blooded sire of one breed or the other. One way of getting a good horse is a community is to have a stock company among the farmers; also to beware of the syndicate or professional horse dealer. If you wish a good healthy and strong colt work your mare up to time of foaling. It may not be so large, but it will have the muscle and strength. For muscle and bone feed oats in preference to corn. In raising colts be kind to him; feed him oats and three years old. Do not break him in, but educate him to whatever you want him to do.

In deciding what kind of a sire you want be sure he has a good understanding, good feet, good gait, long pastern joint, long from knee to hock joint, have front limbs square under shoulder. Look out for the hock joint for there comes the propelling power of the horse. Don't work a horse that has an incurable disease of the hind legs and makes him lame. If you have a team you have worked 12 or 14 years don't trade him off for a young team and give a little heat, but rather give it a decent burial and buy a young team. He denounced the overbreeders who are outrageous and cruel and the man who would drive or make a horse pull a load with his head so high he cannot see where to put his feet ought to have the overcheck put on himself. J. T. A.

EVANSVILLE LODGE HAS INSTALLATION

Holds Public Installation of Officers in Their New Hall on Wednesday.

Evansville, March 12.—The K. P. lodge held public installation of officers in their new hall last evening. The officers were installed in due form and the work was very nicely done, the marching being especially fine. Mrs. P. C. Wilder and Mrs. Chas. Copeland each rendered very fine solos. A violin solo by Glenn Mingo was executed in a most artistic manner. He was accompanied on the piano by Miss Stella Mingo. Prof. Shultz gave an interesting address in which he especially directed their attention to the rapid growth of the fraternity, the beauty of brotherhood and the good which they might do. Following was an address by E. M. Richmond, who spoke of the recent progress of lodge No. 66 and the work done by them in the past and what they hoped to do in the future. Mrs. O. C. Colony was called for and as head of the Pythian Sisters gave an able talk. Concluding remarks were made by Fred Gillman and a very pleasant social half hour was spent before the company dispersed.

The office employees of the Baker Mfg. Co. and a few of their friends passed a number of hours very pleasantly at the home of Mr. and Mrs. Arthur Devine last evening. The occasion being a surprise which they planned for Mrs. Devine, who was formerly one of their co-workers. Refreshments were served at the close of an evening spent with various games and amusements.

Mrs. Lucy Clifford went to Platteville yesterday to spend several weeks at the home of her son Charles.

V. A. Astell and J. W. Catlin have been in Chicago on a two days' business trip.

The sixth annual declaratory contest of the auxiliary will take place Tuesday evening, March 24. In the opera-house and will commence at seven-thirty-five o'clock. The contestants are being drilled by Mrs. T. C. Richardson. The judges are Mrs. O. C. Colony, Mrs. T. W. North, Prof. Shultz, Rev. Grabb and Rev. Webster. Following are the names of those who take part: The Painter of Belleville, Laella Brown; His Mother's Sorrow, Freda Johnson; Stage Driver's Story, Jessie McMurtry; The Slow Man, Mable Kitz; The Brave Boy, Jennie Jones; A Soldier of France, Mable Kitz; Commencement, Mae Tierney; For Dear Old Yale, Mae V. Simpson; The Lance of Kinnua, Wesley Clewiler; Bobby Shafter, Florence Lewis.

Miss Gladys Clifford is taking a short vacation from her duties at the Economy store.

Miss Helen Beebe, who has been the guest of Mrs. Arthur Devine since Monday, will return to her home in Beloit tomorrow.

Mrs. Jennie Oliver of Kansas, Mrs. Hallet of Menomonee Falls, Wis., and Mrs. Ann Moody of Minneapolis were called here by the illness of their mother, Mrs. H. Cleland.

Miss Della Pich, who has been spending the past three months with relatives in Cleveland, Ohio, is expected home this evening.

A good sized crowd met it convenient to congregate on Main street to watch the arrival of the auto contestants which passed through here last evening. The first one to put in an appearance was a White Steamer that reached here about six o'clock, and measured, but making good speed. Dr. J. W. Ames acted as checker.

Fred Baker has been in the sanitarium at Madison this week taking treatment for stomach trouble.

Clifford Pearson returned to school this morning after being absent for a fortnight on account of illness.

The Congregational society will hold a birthday social in the church parlors Thursday evening, March 19. Everyone is invited to come and enjoy a good supper for which you are expected to pay as many pennies as you are years old.

WOODMEN INITIATE FIVE NEW MEMBERS

After Which They Were Surprised by the Royal Neighbors Last Saturday.

After, March 12.—Five new members were initiated in the local Woodmen camp last Saturday evening, in the persons of Jay Antidote, Ralph G. Conrath, Alvin Draht, Herman Holzappel, and Stewart Oakley. At the conclusion of the adoption ceremony the hall was invaded by some of the Royal Neighbors and other lady friends of the Woodmen, who brought well-filled lunch baskets, the contents of which were later on partaken of by those present. The admission of these members brings the total membership of Afton camp up to seventy-two, and gives the camp a splendid body of young men from which to select a drill team.

After people are still keeping their eyes "peeled" for that motor car, and waiting for better car service with the county metropolis.

The work of storing the entrance to the Baptist church is now under way and is being planned and executed under the direction of Wm. Denoyer and Fred Kothelholm. The change will do away with the stairs on each side, leading from the hall up into the auditorium, and instead there will be one flight in the center leading directly from the front entrance to the main floor, making the means of ingress and exit much better than formerly.

Mrs. David Throne attended the Royal Neighbor state convention at Milwaukee this week, as a delegate from the local camp, of which she is oracle.

Albert R. Walto, of Beloit, spent Tuesday with local relatives.

The literary society met at Peter Draht's last Tuesday evening for a study of Scandinavia, with vice-president Otto E. Uehling as leader. The society will hold one more meeting before closing the present season, which will probably be in the nature of a social for the members and invited friends.

Mrs. Martha Gibbs, who died at her home on March 6th, was born Dec. 28th, 1829, at Pillar Point, Jefferson Co., New York. She was next to the youngest child in a family of eleven children, all of whom have preceded her with the exception of her youngest brother, Joseph Gibbs. At the age of 10 years she moved with her parents to Wisconsin, settling in the town of Porter, Rock Co., on the farm since known as the Gibbs home.

She was married to Charles H. Carleton when she was 16 years of age and to this union was born one daughter. Her husband died in 1865, leaving her a widow at 25 years of age. Her life was then devoted to her only daughter and the remaining members of her own family.

She was a true, noble woman, a faithful and loving mother and a kind and good neighbor. A cheerful word was always awaiting those who were near her. For the last 25 years she has made her home with her daughter, Mrs. C. C. Hoague, who resides on a portion of the Gibbs farm, where on March 6th after a few days' illness she departed from this earth life to the peaceful rest she has looked forward to. Sixty-eight years, two months and seven days was her age at time of death.

Early in life she joined the Ladies' Day Church, later uniting with the Reorganized Church of L. D. Smith. The daughter and family, consisting of husband and two sons and her only brother, beside many friends are left to mourn her loss.

Funeral services were held March 8 at the Hoague residence conducted by Elder W. A. McIlwain of Chicago, assisted by Elder J. O. Dutton of Evansville. Interment at Evansville cemetery. The esteem in which she was held was shown by the large attendance at the funeral.

DAIRYMEN ADJOURN THIS AFTERNOON

Annual Banquet Last Evening Was Attended by Three Hundred Residents.

Monroe, Wis., March 12.—The annual convention of the Wisconsin Dairymen's association adjourned this afternoon. The association was in session after dinner while Geo. C. Humphrey, professor of animal husbandry, University of Wisconsin, discussed the breeding and rearing of the dairy cow. The forenoon was devoted to an address by Ed. H. Webster, chief of dairy division, Washington, D. C., a talk on the economic aspect of bovine tuberculosis by H. L. Russell, dean of the Wisconsin Agricultural college, and a history of the Swiss cheese industry in Wisconsin by Thomas Luchinsinger, of this city.

The annual banquet last evening was attended by 300 residents of the city. Collin W. Wright was toastmaster and the speakers were W. J. Gillitt and C. L. Hall, of Rosendale, Wis.; Gov. W. D. Hoard and C. F. Cleveland, of Port Arkison, Wis.; Everett, of Racine, and John Luchinsinger, A. S. Douglas, and C. S. Young, of this city.

The association came to Green county this year for the purpose of interesting the dairymen of this locality, but the farmers are busy getting ready for their season's work with the result that the attendance was disappointingly light. The program was full of valuable features for the milk producers but there were few to profit by the discussions.

ARE STILL IN RACE FOR CHAMPIONSHIP
If Janesville Five Beats Waukesha Tonight They Will Be in Championship Finals.

Ten instead of eight Wisconsin high school teams will battle for the state championship on the Lawrence university gymnasium floor on April 2, 3, and 4, this decision having been reached yesterday when the tournament managers concluded that no less than ten teams had comparatively scores of equal merit. Although it is next to impossible to arrange a convenient scheduling of three days for ten teams, this step was imperative in order not to bar any teams that had a right to be entered in the championship series.

The teams that are sure to be entered in the tournament are Maine high school, Superior; West Green Bay, Appleton, Antigo, Elkhorn and Jefferson. The remaining three teams will be picked from the following six teams: Janesville, Waukesha, Fond du Lac, Weyauwega, Marshfield, and Stevens Point. Janesville will play Waukesha, Fond du Lac will meet Weyauwega, and Marshfield will play Stevens Point this week. The winners of these three will be the three teams that will make up the ten to battle for state honors in the Lawrence tournament. At least one and possibly two of these latter three games will be played on the Lawrence floor.

Advertising in hard times will help a great deal and make business doubly good in the good times to follow.

Lemon, Chocolate, Custard
These are the three varieties of O'Hall's "Pretzels" which are eating so much favorable comment everywhere. Each package is put up according to the strictest Pure Food Laws. It does not require an experienced cook to make good pies from "O'Hall's". Just the proper proportions of all ingredients are in the package ready for your immediate use. At grocers, 10c each.

"The Blood Is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Pure, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery, a blood purifier and the blood thereby purified; pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rhomb, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or so-called "the Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine or known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

MILTON GETS BANNER IN LEAGUE CONTEST

Wins Second and Third Places in Declamatory Contest Held Tuesday Evening.

Milton, March 13.—The ninth annual declamatory contest of the Rock River Valley League, comprising the high schools at Broadhead, Stoughton, Edgerton, Milton Junction and Milton was held here Tuesday evening.

There was an unusually large attendance and the S. D. H. church was so crowded that standing room was at a premium. The best of order was preserved and the disgraceful scenes that heretofore characterized some of the previous meetings of the league were conspicuous by absence.

And much credit is due the management for their work in this line. The judges awarded the first prize to Miss Sarah Evans, of Stoughton; the second to Miss Nannie Brown of Milton; and the third to Miss Mary Campton, of Milton. The banner, which Milton Junction held for the past year, was awarded to Milton.
